Diane and I celebrated our 52nd wedding anniversary in November 2017 with a 10 day fall foliage cruise from New York up the eastern coast to Nova Scotia, Newfoundland and ending in Quebec City. Great time and wonderful to see the fall foliage after living in Phoenix over 21 years. Invested in real estate after the housing collapse in 2009 and currently have 4 rental properties, plus our summer cabin in the White Mountains of Northern Arizona. Great summer escape from the 110 degree heat in the Arizona summer. We now have 9 grandchildren, and 5 great grandchildren, part here in Phoenix and the rest in Warsaw, KY. Our daughter Nichole lives in Phoenix while our son Grant has a law practice in Northern KY. Won't be at this years reunion as we will spend the entire month of October on a 3 week cruise to Australia then tours there before returning to Phoenix in November. Diane and I continue to be blessed with good health with only a few aches and pains from the curse of being in our 70's. Best to all at the reunion and perhaps next time we will see all who attend.

After spending 18 years in New England, I followed my job to Atlanta, GA doing software support for One Write Plus account software, then owned by ADP as part of the Peachtree Accounting Package. I left there to go to work for BellSouth and was there for the next 9 years. I specialize in IT Business Process particularly Change Management. After working in a small software consulting firm for the past year and a half, I have taken a job as a contractor with Cisco Systems in San Jose where I can also be near my daughter. I am taking my Black Lab Delilah, my Chow mix, Samson, and my cats Brambles and Sultan Pepper with me.

As my daughters were growing up in Groton, MA, I was very active in the Spar and Spindle Girl Scout Council where I ended up as Vice President of the Board of Directors. I left there to become active in community theater where I designed and built scenery, directed, and produced plays. I was a Sr. Drama Judge of the Boston Globe Theater festival for 11 years, and a Drama Consultant for the Eastern Massachusetts Association of Community Theaters.

Husband: Burt Eustace (we've been married 38 years)
No children...just a spoiled rotten cat named Missy Moto (we live with her)
Burt and I both retired from teaching in the Kansas City, KS school district
I was a middle school reading specialist and taught English and social studies as well.
After retirement, I worked for Pampered Chef for a few years as well as doing pastry design on my own. I still do a little bit of the latter on occasion.
I've also done some catering and photography work as well as image editing.
In other words, I've had fun pursuing a variety of interests!
Burt and I both enjoy, as hobbies, cooking and entertaining, reading, photography, walking, and socializing with friends.

BS and MS in Education from CMSU. Retired from Metropolitan Community College--Penn Valley Campus after 37 years. Retired as the Graduation Advisor in December 2011. Love retirement. We have a newly adopted grand dog Champ who came into our lives two weeks ago. He was a rescue beagle and shepherd mix. He thinks he pretty much runs the place and he does. We have two wonderful children Michael Joseph and Jennifer Elizabeth. We also discovered cruising and have done Alaska, the Western Caribbean and will try Eastern Caribbean or Mediterranean in 2014. Husband Reinaldo "Sonny" Buso. Life is good.

I was married to my husband Richard for 33 years but we are now divorced. I have a beautiful daughter Lisa who was recently married here in St Petersburg, Florida to Dave Nicholson, and I inherited two wonderful grandchildren from Dave, Matt 19 (in college) and Rachel 15 (in high school). Before that I only had "grand-dogs and grand-cats"!

I worked for VF Corp. (Lee Jeans) for 25 years. That job moved me to Virginia as a VP in the '80's and later I relocated to South Carolina and then Florida still as an executive in "men's apparel". I retired two years ago and love retirement.

I live in an over 55 condo complex with "Sasha the cat" and am active with the Social Club hosting dinners and events. I love reading, movies, Facebook and travel.

Karen and I retired five years ago to Williamsburg, Virginia after almost 40 years in higher education. I finished my career as President of Baldwin Wallace University outside of Cleveland. Prior to that, we spent 19 years at the University of Minnesota, Duluth; then the University of Nebraska, Lincoln; then Penn State University where I was dean of the College of Arts and Architecture.

I graduated from the University of Oklahoma, where my degrees are in theatre design and architecture.

I was president of the United States Institute for Theatre Technology, then the President of the OISTAT, the International Association of Theatre Architects, Designers and Technicians with world headquarters in Amsterdam, the Netherlands.

Karen and I have been married 43 years and have sons Matt and Derek and daughter Amanda. We have two grandsons and a new great granddaughter, Kree Royal (three guesses where they live...).

We lived in England for awhile in the 80s and still love to travel. We spend January in St. Croix, February in Washington, DC (our favorite city) and love doing month-long travels with friends. As I write this, we are leaving for month in Ireland and Scotland, traveling and playing golf. We just got back in June from three weeks in Colombia and Ecuador, and will spend six weeks there in 2018.

Happy 55th Graduation Anniversary to all! We made it!

The love of my life, Bill, and I have been happily married for over 46 years. In 2005 we moved to our retirement home in Mustang, Oklahoma, which is a suburb southwest of Oklahoma City. On a small acreage, we build our dream home with a beautiful pond in our back yard and have enjoyed living in this cozy, rural setting. Our son, Doug Monson, (whose father is Terry Monson, from our class of 1962) built his home next door. We love having him and his family so close to us. In 2004, Bill retired after 33 years of running our motorcycle dealership, House of Kawasaki in Oklahoma City, OK. Son, Doug, now manages and shares ownership in the dealership. Due to the success of this business, we have been able to travel extensively around the world, thanks to Kawaski Motors Corp., USA!

We have five grandchildren and sever great-grandchildren with two more on the way. I am active in our church co-leading a weekly women's Bible study and serving with our Mission's team. I also enjoy attending plays and musicals in our local, community theater scene, watching old movies, reading, and spending time with our family.

Attending our high school reunion and reconnecting with so many friends would have been terrific! Unfortunately, due to my husband's health issues, I will be unable to do so. However, I would love to hear from all of you an find out what has been happening in your lives. Please feel free to contact me or "Friend" me on Facebook as Wilma Evans Schramm.

Best regards to all of you!

We have been married 45 years. We retired 2001 and moved to Big Bear Lake to enjoy hiking, skiing, and mountain biking. 2006 we sold the Big Bear home and started searching the West for new mountains to explore. 2011 we purchased a new home at the base of the Wasatch mountains near Solitude, Brighton and Park City ski areas. We still have our Oxnard home near the Channel Islands Harbor and a Studio City home by Universal Studios. We hike or mountain bike every day the weather permits. We are getting ready for the back country ski season to begin!

Carol and I met and got married at the UMKC Episcopal center. I received my BA & MA in psychology at UMKC and a MSW at the University of Southern California (USC). I had a private practice for many years in Encino, CA and provided family and marriage counseling. Carol provided services for developmentally disabled adults. We always enjoyed the many outdoor recreation activities available in California and were fortunate to be able to retire early.

I hope everyone who can will come to our 55th Reunion. I am looking forward to see you all.

The last 10 years have had many exerting changes for me.

Before I met my husband Dale, I knew very little of "farm life". Now I can talk crops, weeds, combines, headers and tractors. without sounding like a fool, have my own farm ground and am a member of the Antique Tractor Club. I still drive a big John Deere tractor pulling an 850 bushel grain cart for summer and fall harvest, unload on the go then dump into a grain truck without spilling. Cool, huh? Dale has added a step beneath the tractor ladder so I can get in easier (I am 73 now you know and getting shorter) We added a German Shepherd pup to our family 2 years ago and Koda keeps me protected, busy and entertained! Found out you don't train a dog ... you get trained so you can help your dog understand what he is supposed to be doing. It is a wonderful life and am loving it, I am also an officer in Soroptimist International of Hutchinson which is a philanthropic organization helping women and girls.

Other than at harvest, I am retired except for working at the Kansas State Fair during Fair week. Dale is a professor at Hutchinson Community College. He teaches large Ag equipment repair, diesel engines, electricity, hydraulics, air conditioning and Precision Farming with no immediate plans to retire. We also custom harvest for a local certified seed dealer cutting up to,4000 acres per year. We take as many vacations as we can squeeze in, always going to Table Rock Lake once a year with our boat and to Hawaii every two years.

We enjoy- our 4 children and their families. They have given us 13 grandchildren ages 2--25 and 4 great-grandchildren ages 1 month - 5 years. Our "kids" do a variety of things: Deputy Sheriff married to a business professional, Network Engineer married to a school teacher, Sprint Financial Analyst Manager married to the manager of a Christian camp and a single mom struggling to work, raise 3 kids and get a divorce, We run the gamut and are proud of all of them. We praise God they are all healthy and thriving. God has blessed us more than we deserve and I praise Him every day for it. My prayer is He also blesses each one of you.

Hope to see you soon.

We live in Leawood about seven months a year and Houston (341 W. 21st Street, Houston, TX 77008), where our children live about four months a year. The other month we travel. For example we spent June and July of this year in Paris. From our apartment there we traveled to various parts of France to visit friends. At the moment we are trying to figure out where to go next. Thinking about Mendoza, Argentina, as we have a good friend living there.

I have been retired for over six years, having sold the company, EURO TOOL, which I founded in 1978. Twenty-eight years was long enough, although I enjoyed it a great deal and had a wonderful staff. It afforded us the opportunity to travel a great deal as our goods were imported world-wide. Consequently we made friends in many countries, especially Europe and now visit them from time to time, so it was a blessing to be in that type of business. We also had ten different students live with us during that time, so they are now adults with their own families--very rewarding. Besides traveling I play golf, read, do charity work and restore Porsches.

Being "townies," Patty and I have been lucky enough to attend every reunion, for which I am very pleased. I have rekindled relationships and spent experienced great times with many of my high school friends. I am happy to have known all you, and wish you the best for the future.

Graduated from Central MO State in 67 with a BS in education. Married Tom in 1967 also. Welcomed 2 sons in 1972 and 1975 into our lives. Received Masters in Education from UMKC. Taught over a span of 30 years in NKC School District in kindergarten classrooms, but now am retired and enjoying the flexibility of life. I volunteer for several organizations in the community and travel when I can. My husband passed away in 2015. We had been married for 47 years, that's a milestone for today's generation. My oldest son Stephen and his wife (Buffi) live in Danville, Indiana and I'm a grandmother to two beautiful girls, Olivia and Ella. My youngest son Chris has been stationed for several years in Japan with the Navy. A big shout out to the reunion committee who continue to keep up together.

I just saw on Facebook that Jim Rich died last night in Oregon. That makes me so sad. I'd known him since 4th grade. He lived an interesting life.

Mary Nell 6/24/2013

From his daughter Sarah:

Jim Rich – February 11, 1945 – June 23, 2013

James Rich was born in Portland Oregon on February 11, 1945. He passed away at home peacefully in the late hours of June 23 at age 68.

Rich grew up in Kansas City, Missouri and graduated from Northwestern University in Chicago with a degree in music. From there, he moved to New York City and pursued further classical music education and was a record producer. In 1973, he moved to Sun Star commune, just south of Takilma, where he worked as a blacksmith, making horseshoes and useful tools and utensils.

His interests were varied from music to sailing to creating beautiful things in wrought iron. He became an integral member of the Takilma community.

We have three children: Michele Staley who is married and lives in Albany, NY; Rob Roudebush who is married and lives in Lee's Summit, Missouri; and Van Roudebush who is married and lives in Shrewsbury, Missouri (a suburb of St. Louis). We have six wonderful grandchildren: Ashley and Ryan Staley; Ian Roudebush; Spencer, Gracie and Henry Roudebush.

EMAIL: PVZR@mchsi.com

LaWanda and I have lived in Ohio, Illinois and Iowa. We just recently moved to John Knox Village in Lee's Summit. I worked in the insurance business for a number of years but I really enjoyed my last position as an elementary music teacher in Davenport, Iowa. I have always enjoyed and have been involved in music all of my life. Teaching music to Kindergarten - 5th graders was a great way to end my career. I also was the Worship Team Leader in my church for the last six years. In the summer of 2017, I suffered two major falls which resulted in fracturing 5 vertebrae and my sacrum in my back. I had spinal surgery last September and through months of pain and rehab, I am now using a cane. I am very thankful that I can walk, and I give all the glory to God. My spinal surgeon called me a "miracle" when he saw me last because he did not think I would get out of a wheelchair. I am just thankful to be back in the NKC area with family and look forward to seeing all of my former classmates.

My Father, the Rev. Perry Rowland, was transferred to Joplin, MO, just before my senior year, so I graduated from Joplin High School. But my heart is still at NKCHS. Lynn and I met in Miss Hale's debate class in 1960 and were married just after finishing our classes at William Jewell College in 1966. We enjoyed Lynn's 50th NKCHS anniversary last year and are looking forward to coming back for the 1963 reunion. I am an Epidemiologist, having received my MPH and PhD in Epidemiology at the University of North Carolina at Chapel Hill. I've been at Emory University since 1992, and before that was Director of the Division of Reproductive Health at the Federal Centers for Disease Control. We have also lived in Little Rock, AR (1977-82), and Knoxville, TN (1966-'69), as well as the Research Triangle area of NC (1969-'77) and currently split our time between Atlanta and western North Carolina.

Note: Lynn and I donated a tile to Miss Mabel Hale's memory.

We celebrate our 50th Anniversary in March and have always lived in the Clay-Platte area, and presently reside in rural Clinton County near Cameron, MO. I retired from UMB Financial Services as a V.P. and Inv. Services Officer in the bank's bond department.

I hated history as a student and received my lowest grades in these classes. But currently I have been researching family history with extreme interest and have discovered a whole new exciting world that once I thought boring and irrelevant.

I have many fond memories of days spent at NKCHS and the many kind classmates and teachers I came in contact with. I realize how fortunate I was to have had the opportunity to attend such a great school which helped mold my future.

I have spent the bulk of my career as an airline pilot. I did that for 36 years for four different airlines all of which shut down early due to bankruptcy. During that time, I was based in about 20 different cities in the U.S. as well as Cairo, Brussels, Guam and Puerto Rico. I have also been flight instructing which gave me an income each time an airline shut down. For several years I had a regular flight school with 8 airplanes but now am teaching free lance with two.

The instructing experience gave me the opportunity to train and work as a check airman for the airlines. I really enjoyed all of it.

On a personal level, I am not married anymore but have two fine sons and 9 grandchildren. John, 42, is a pilot and living in Kansas City.

You might also be interested to know that I have been teaching people to dance for two local colleges for 30 years. I teach both ballroom and country western styles and have about 70 people in each of the classes this semester. It's really been great fun.

I currently reside in Phoenix, Arizona, am retired and about to become a grandmother for the first time in June.

I was a flight attendant with Trans World Airlines for 25 years. Retiring from the airline, I went to court reporting school. That effort did not lead to becoming a court reporter but did provide entrée to becoming a software support specialist at a Beverly Hills law firm. I retired from that job at the end of 2008.

Upon retirement Ed, my partner, and I became vagabonds in our motor home as fulltime RV people. We have traveled through every province of Canada that one can drive in and most of the United States, including Alaska. An African safari, a cruise to Australia, a European river cruise are some of the highlights of our international travels. Should you be curious about our adventures, they are posted on our website at www.cernek.org.

50 - What a huge number right in the middle of the letter head!! It simply does not seem possible. I noticed that you are once again the "in-charge" person for the event!! Thanks for spending your time over all these years. I know it will be a big success, however, we have been scheduled for a cruise to the black sea since March of 2012. The ship carries only 320 passengers so advanced planning is really necessary.

Again, best wishes on your event.

Classmates...”Happy 50 Year Anniversary to ALL!!!”

Ken and I still live in Liberty, Missouri, and continue to operate our printing company. We raised our 2 children, Robin and Keith in Liberty. They’ve moved on and we’re still here. Now we have the joy of watching our 2 grandchildren grow and mature. As we take more time off work, Ken plans to refurbish his ‘31 Model A coup as well as do his gentlemen farming on our farm near Cameron, Mo. I enjoy genealogy, travel and just keeping up with the family’s needs. My Mother is 95 years young and still going strong. Ken and I recently celebrated our 45 wedding anniversary...looking forward to seeing you this Fall.
